The above-captioned debtors (the “**Debtors**”) hereby move the Court, pursuant to this motion (the “**Motion**”), for the entry of an order, substantially in the form attached hereto as **Exhibit A** (the “**Final DIP Order**”): (a) authorizing the Debtors to obtain replacement postpetition financing on a third lien, secured, and superpriority basis; and (b) granting related relief on a final basis. In support of this Motion, the Debtors respectfully state as follows.

Preliminary Statement

1. On December 6, 2010, the United States Court of Appeals for the Second Circuit (the “**Second Circuit**”) reversed the decision of the United States District Court for the Southern District of New York (the “**District Court**”), which had affirmed the *Findings of Fact, Conclusions of Law, and Order Confirming the Debtors’ Second Amended Joint Plan of Reorganization Pursuant to Chapter 11 of the United States Bankruptcy Code* [Docket No. 547] entered by this Court on November 23, 2009 (the “**Existing Confirmation Order**”). The Second Circuit held that the “gift” being provided by the Senior Noteholders (as defined herein) to ICO Global Communications (Holdings) Limited (“**ICO Global**”) under the Debtors’ confirmed plan of reorganization (the “**Original Plan**”) violated the absolute priority rule. As a consequence of the Second Circuit’s order, on January 6, 2011, the Debtors filed a version of the Original Plan modified to remove the sole defect (the “**Modified Plan**”), and a motion to approve the Modified Plan.² At that time, modifying the Original Plan appeared to be the best option (and, indeed, the *only* option) available to the Debtors and their estates.

2. Following a status conference held before this Court on January 13, 2011, DISH Network Corporation (“**DISH**”) approached the Debtors with a proposal to purchase the Debtors

² See Debtors’ Motion for Entry of an Order (I) Approving Immaterial Modifications to the Debtors’ Second Amended Joint Plan of Reorganization Pursuant to Chapter 11 of the Bankruptcy Code Without Need for Further Solicitation of Votes; and (II) Amending the Confirmation Order to Conform with and Apply to Such Modified Plan [Docket No. 878] (the “**Modified Plan Motion**”).

through a plan of reorganization (the “**Alternate Plan**”).³ Specifically, DISH would provide more than \$1 billion of value under the Alternate Plan and would receive 100% of the stock of the reorganized Debtors. Over the past two weeks, the Debtors have analyzed the Alternate Plan and deliberated over whether to maintain the status quo or pursue the Alternate Plan. After thoroughly considering both options—and after extensive negotiations that secured significant improvements and protections from DISH with respect to the Alternate Plan—the Debtors believe that the Alternate Plan will maximize the value of their estates and that it is incumbent upon the Debtors in the proper exercise of their fiduciary duties to pursue the Alternate Plan, instead of the Modified Plan, for the benefit of their creditors.

3. In connection with the Alternate Plan, DISH has agreed to extend replacement postpetition financing of up to \$87.5 million on a junior secured basis (the “**DIP Facility**”). The DIP Facility will be used by the Debtors to pay off the Existing DIP Facility (as defined herein) in full and to fund capital expenses and expenses incurred in the chapter 11 cases.

4. Notably, DISH will provide the DIP Facility on a *junior secured basis*, thereby avoiding any priming disputes. If the estimated value of the Debtors’ enterprise under the Modified Plan were accepted, the DIP Facility would be “out of the money” the moment it is funded, demonstrating both DISH’s belief in the Debtors’ value and its commitment to move forward with the Alternate Plan, fund the Debtors’ emergence from chapter 11, and provide the reorganized Debtors with sufficient capital to execute a business plan. In addition to being secured by junior liens, the DIP Facility will mature on December 31, 2011 or, in certain instances, on March 31, 2012 (although the Debtors may exit from chapter 11 well before that),

³ Contemporaneously with the filing of this Motion, the Debtors filed a motion to authorize and approve that certain Plan Investment Agreement, dated as of February 1, 2011, by and among the Debtors and DISH (the “**Investment Agreement**”). See Debtors’ Motion for Entry of an Order Authorizing and Approving the Investment Agreement.

and it includes grace periods following events of default that are of sufficient duration to provide the Debtors with adequate opportunity to refinance the DIP Facility should it become necessary or desirable to do so.

5. The Debtors believe that the Alternate Plan will maximize value for all stakeholders. However, to pursue the Alternate Plan, the Debtors first must be authorized to enter into the DIP Facility. As set forth in greater detail herein, the Debtors respectfully submit that entering into the DIP Facility is an exercise of the Debtors' sound business judgment and should be approved.

Jurisdiction

6. The Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157(b) and 1334. This matter is a core proceeding within the meaning of 28 U.S.C. § 157(b)(2).

7. Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409.

8. The statutory bases for the relief requested herein are sections 105, 361, 363(b), and 364 of title 11 of the United States Code (the "**Bankruptcy Code**"), Rules 4001(c) and 9014 of the Federal Rules of Bankruptcy Procedure (the "**Bankruptcy Rules**"), and Rule 4001-2 of the Local Rules for the Southern District of New York (the "**Local Rules**").

Relief Requested

9. By this Motion, the Debtors respectfully request entry of the Final DIP Order:
- a. authorizing the Debtors to obtain postpetition financing on a third lien, secured, and superpriority basis under the DIP Facility on the terms and conditions set forth in that certain DIP Commitment Letter, dated as of February 1, 2011 (the "**Commitment Letter**") and the Summary of Terms and Conditions for Proposed Debtor in Possession Financing Facility, attached as Exhibit A to the Commitment Letter (the "**Term Sheet**");
 - b. authorizing the Debtors to execute and deliver the DIP Credit Agreement (as defined herein) and all agreements, documents, and instruments in respect of the DIP Facility and collateral securing the DIP Facility (collectively with the DIP Credit Agreement, the

“**DIP Loan Documents**”) and approving all terms and conditions of the DIP Facility and the DIP Loan Documents;

- c. authorizing the Debtors to take all actions necessary, appropriate, or required to comply with the Debtors’ obligations under the DIP Loan Documents and the Final DIP Order;
- d. granting superpriority administrative expense claim status in the chapter 11 cases, pursuant to section 364(c)(1) of the Bankruptcy Code, in favor of DISH, the lender of the DIP Facility (the “**DIP Lender**”);
- e. granting a fully-perfected lien, pursuant to section 364(c)(2) of the Bankruptcy Code, on all assets of the Debtors (now existing or hereafter acquired and all proceeds thereof) that were not subject to a perfected, non-avoidable lien as of the date of the filing (the “**Petition Date**”) of the chapter 11 cases, immediately junior only to the adequate protection liens (the “**Senior Adequate Protection Liens**”) granted to DISH and the Senior Noteholders (as defined herein) pursuant to the *Final Order (A) Authorizing Use of Cash Collateral, (B) Granting Adequate Protection to Certain Prepetition Secured Parties, and (C) Granting Related Relief* [Docket No. 221] (the “**Final Cash Collateral and Adequate Protection Order**”), but senior to all other liens;
- f. granting a fully-perfected lien, pursuant to section 364(c)(3) of the Bankruptcy Code, on all assets of the Debtors (now or hereafter acquired and all proceeds thereof) that were, as of the Petition Date, subject to the Permitted Senior Liens (as defined herein), immediately junior to such Permitted Senior Liens and the Senior Adequate Protection Liens, but senior to all other liens; and
- g. granting related relief.

Background

I. Capital Structure

A. Prepetition Facility

12. On March 27, 2008, DBSD obtained a \$40 million revolving credit facility, evidenced by that certain Amended and Restated Revolving Credit Agreement, dated as of

April 7, 2008, by and among DBSD, as borrower, each of DBSD's subsidiaries, as guarantors, Wells Fargo Bank, N.A., as successor administrative agent, the financial institutions and other persons from time to time lenders party thereto (the **"Prepetition Lenders"**), and The Bank of New York Mellon (f/k/a The Bank of New York), as collateral agent (the **"Prepetition Facility"**).⁵ The Debtors' obligations under the Prepetition Facility are secured by a first-priority security interest in substantially all of the Debtors' assets and by a first-priority pledge of the equity of DBSD by DBSD's parent (subject to certain exceptions) (the **"Prepetition Facility Liens"**).

B. Senior Notes

13. In August 2005, DBSD issued \$650 million in aggregate principal amount of 7.5% convertible senior secured notes, due August 15, 2009, pursuant to the Indenture, dated as of August 15, 2005, among DBSD, the Debtors, as guarantors, and The Bank of New York (n/k/a The Bank of New York Mellon), as trustee (the **"Indenture Trustee"**), as supplemented by the Supplemental Indenture No. 1 thereto dated as of November 30, 2005, among DBSD, the guarantors party thereto, and the Indenture Trustee and the Supplemental Indenture No. 2 thereto dated as of December 22, 2006, among DBSD, the guarantors party thereto, and the Indenture Trustee (the **"Senior Notes"**). The Senior Notes are secured by substantially all of the assets of the Debtors and by a pledge of the equity of DBSD by DBSD's parent (subject to certain exceptions) (the **"Prepetition Noteholders' Liens"**) and, collectively with the Prepetition Facility Liens, the **"Permitted Senior Liens"**). Pursuant to the Collateral Trust Agreement dated as of August 15, 2005, among ICO Global, the Debtors, and The Bank of New York, as collateral

agent and as Indenture Trustee, the Prepetition Noteholders' Liens are junior in priority to the Prepetition Facility Liens.

C. Existing DIP Facility

14. In early 2010, DBSD North America, Inc. ("**DBSD**") obtained a \$25 million secured postpetition credit facility (the "**Existing DIP Facility**") pursuant to that certain DIP Credit Agreement, dated as of January 8, 2010, by and among DBSD, as borrower, each of DBSD's subsidiaries, as guarantors, certain holders of the Senior Notes, as lenders (as succeeded from time to time, the "**Existing DIP Lenders**"), and Nexbank, SSB, as administrative agent (as amended, supplemented, and modified from time to time, the "**Existing DIP Credit Agreement**").⁶ The Debtors' obligations under the Existing DIP Facility are secured by an interest in substantially all the assets of the Debtors that is junior in priority to the Prepetition Facility Liens (as defined herein) and senior to the Prepetition Noteholders' Liens (as defined herein). Although the Existing DIP Facility was initially scheduled to mature on March 31, 2010, the Existing DIP Lenders have incrementally extended the maturity date through March 28, 2011.⁷ The amount outstanding under the Existing DIP Facility is approximately \$29.6 million.

II. Chapter 11 Cases

15. On November 23, 2009, approximately six months after the chapter 11 cases were filed, the Court entered the Existing Confirmation Order. Sprint Nextel Corporation ("**Sprint**") and DISH appealed the Existing Confirmation Order to the District Court on numerous grounds, and, on March 24, 2010, after full briefing and oral argument, the District Court affirmed the

Existing Confirmation Order. Sprint and DISH further appealed the Existing Confirmation Order (the “**Appeals**”) to the Second Circuit, and, on August 5, 2010, the Second Circuit heard oral arguments.

16. On September 29, 2010, the Federal Communications Commission (“**FCC**”) authorized the Debtors to transfer certain communications licenses upon consummation of the Original Plan, but, on October 5, 2010, after emergency briefing by the parties, the Second Circuit entered an order staying consummation of the Original Plan pending the outcome of the Appeals (the “**Stay Order**”).

17. On December 6, 2010, the Second Circuit entered an order: (a) reversing, in part, the District Court’s decision affirming the Existing Confirmation Order, on grounds that certain provisions of the Original Plan violate the absolute priority rule; (b) remanding the Appeals to the District Court for further remand to this Court; and (c) vacating the Stay Order. The Second Circuit order also indicated that it would issue an opinion in due course.

18. On January 6, 2011, the Debtors filed the Modified Plan, which had been revised to address the anticipated concerns of the Second Circuit, and the Modified Plan Motion. On January 13, 2011, the Bankruptcy Court held a status hearing at which the Debtors and their constituents discussed, among other issues, the anticipated Second Circuit opinion, the appropriate briefing and hearing schedule for the Modified Plan Motion, and the Debtors’ increasingly perilous cash position.

19. To date, the Debtors have financed the chapter 11 cases with proceeds from the sale of their student-loan-backed auction rate securities,⁸ cash collateral,⁹ and the Existing DIP

⁸ See Debtors’ Motion for Entry of an Order Approving the Sale of Certain of the Debtors’ Auction Rate Securities for Cash Free and Clear of Liens, Claims, Interests, and Encumbrances and Granting Related Relief [Docket No. 82].

Facility. When the Debtors obtained the Existing DIP Facility, they anticipated that the FCC would approve transfer of the Debtors' FCC licenses within six months, and the Debtors negotiated the terms of the Existing DIP Credit Agreement and related documents, including the maturity date and the principal amount of the Existing DIP Facility, accordingly. Due to unforeseen delays in the FCC process, the Appeals, and the reversal of the Existing Confirmation Order, however, the Debtors have been unable to consummate the Original Plan and emerge from bankruptcy. Furthermore, the Debtors' cash position has deteriorated as a result of extraordinary delays in the chapter 11 cases, and the Debtors' remaining liquidity is insufficient to fund the Debtors' operations and the administrative expenses of the estates beyond March 2011.¹⁰ Accordingly, the Debtors must secure additional postpetition financing to have sufficient liquidity to operate their business and administer the chapter 11 cases until they can emerge from bankruptcy.

20. The Debtors' ability to obtain additional postpetition financing is handicapped by the substantial amount of secured debt on the Debtors' books—more than \$800 million—and by their lack of any significant unencumbered assets. Further, although the Debtors could attempt to seek additional postpetition financing from a third party, the Debtors and their advisors believe that any such lenders would require that their liens prime—at a minimum—the Prepetition Noteholders Liens. However, the holders of the Senior Notes (the “**Senior Noteholders**”) are unlikely to consent to the priming of their liens, and, without such consent, the outcome of any contemplated priming of the Prepetition Noteholders' Liens by postpetition liens is uncertain.

¹⁰ Although the Existing DIP Lenders recently committed to provide an additional \$10 million in postpetition financing under the Existing DIP Facility pursuant to Amendment No. 18 to that Certain Secured Super-Priority Debtor-in-Possession Credit Agreement Dated as of January 8, 2010 [Docket No. 889], subject to Court approval, such additional financing may be insufficient to pursue the Modified Plan and is insufficient to pursue the Alternate Plan.

21. DISH, the Prepetition Lender, has agreed to provide the Debtors with replacement postpetition financing on a junior secured basis, in conjunction with a new money investment pursuant to the Investment Agreement. The DIP Facility offered by DISH will be secured by liens junior to the Permitted Senior Liens and the Senior Adequate Protection Liens. The DIP Facility will enable the Debtors to pursue the Alternate Plan and thereby provide the Debtors' creditors with greater recoveries than they would have received under the Modified Plan. The DIP Facility and the Investment Agreement are the result of extensive negotiations with DISH with the objective of reaching a financial restructuring of the Debtors.

22. The DIP Facility provides the Debtors with a sufficient runway to consummate the Alternate Plan. Specifically, the DIP Facility will allow the Debtors to pay off the Existing DIP Facility, will provide the Debtors with sufficient cash flow through the process of proposing, soliciting, and confirming the Alternate Plan, and will provide the Debtors with a liquidity cushion should the process (and, in particular, securing FCC approval) take longer than anticipated. Further, the Alternate Plan will pay the Senior Noteholders in cash in full with accrued interest—a recovery that is substantially greater than under the Modified Plan—and will provide all creditors with a greater recovery than under the Modified Plan. Accordingly, the Debtors believe that entry into the DIP Facility, in connection with their support of the Alternate Plan, is in the best interests of their estates and their stakeholders as a whole and is consistent with the exercise of their fiduciary duties.

III. Financing the Remainder of the Chapter 11 Cases

A. Use of Cash Collateral

23. The Debtors will continue to operate under and use cash collateral pursuant to the Final Cash Collateral and Adequate Protection Order.

B. DIP Facility

24. In accordance with the terms and conditions of the Commitment Letter and the Term Sheet, the DIP Lender has agreed to provide the DIP Facility in an aggregate amount of up to \$87.5 million, to be made available in two tranches on the terms set forth above. On or after the date the Bankruptcy Court enters the Final DIP Order and once the other conditions precedent set forth in the DIP Loan Documents are satisfied or waived, as determined by the DIP Lender, \$50 million of the DIP Facility shall be made available to the Debtors. In addition, the full remaining undrawn amount of the DIP Facility shall be available to the Debtors in monthly draws, subject to compliance with the Budget (as defined in the Term Sheet) covenant in the DIP Loan Documents. During such period, each monthly draw shall be in an amount sufficient to provide funding for budgeted expenses and projected professional fees for such month and to maintain \$3 million in unrestricted cash.

25. The Debtors believe the amounts available under the DIP Facility are sufficient to finance the remainder of the chapter 11 cases.

Basis for Relief

26. As set forth above, without the DIP Facility, the Debtors will be forced to pursue the Modified Plan in lieu of the Alternate Plan, notwithstanding that the Alternate Plan will provide enhanced recoveries for all of the Debtors' creditors. Further, for the reasons set forth below, the Debtors submit that they have satisfied the requirements to access postpetition financing on a third lien, secured, superiority basis pursuant to section 364 of the Bankruptcy Code.

I. Entry into the DIP Amendment Is an Exercise of the Debtors' Sound Business Judgment.

27. A debtor's decision to obtain postpetition financing under section 364 of the Bankruptcy Code is governed by the business judgment standard. See, e.g., In re Barbara K. Enters., Inc., Case No. 08-11474, 2008 WL 2439649, at *14 (Bankr. S.D.N.Y. June 16, 2008) (explaining that courts defer to a debtor's business judgment "so long as a request for financing does not 'leverage the bankruptcy process' and unfairly cede control of the reorganization to one party in interest"); Trans World Airlines, Inc. v. Travelers Int'l AG (In re Trans World Airlines, Inc.), 163 B.R. 964, 974 (Bankr. D. Del. 1994) (approving postpetition loan and receivables facility because such facility "reflect[ed] sound and prudent business judgment" of the debtors); In re Ames Dep't Stores, Inc., 115 B.R. 34, 38 (Bankr. S.D.N.Y. 1990) (noting that financing decisions under section 364 of the Bankruptcy Code must reflect a debtor's business judgment). Generally, the business judgment standard requires that, absent evidence to the contrary, a debtor in possession is afforded discretion to act with regard to business planning activities. See In re Simasko Prod. Co., 47 B.R. 444, 449 (Bankr. D. Colo. 1985) ("[D]iscretion to act with regard to business planning activities is at the heart of the debtor's power.") (citations omitted).

28. To determine whether the business judgment standard is met, a court is required "to determine whether a reasonable business person would make a similar decision under similar circumstances." In re Helm, 335 B.R. 528, 538–39 (Bankr. S.D.N.Y. 2006); see also In re Curlew Valley Assocs., 14 B.R. 506, 513–14 (Bankr. D. Utah 1981) (noting that courts should not second guess a debtor's business decision when that decision involves "a business judgment made in good faith, upon a reasonable basis, and within the scope of [the debtor's] authority under the [Bankruptcy] Code.") (internal citation omitted).

29. The Debtors' decision to enter into the DIP Facility is an exercise of their sound business judgment that warrants approval by this Court. This decision is inextricably linked to the Debtors' assessment of the proposed terms of the Alternate Plan and their determination that pursuing the Alternate Plan—which the Debtors cannot possibly do in the absence of replacement financing—is in the best interests of their estates and all parties in interest. The Debtors negotiated the DIP Loan Documents in good faith and at arm's length to obtain the additional postpetition financing they require on the most favorable terms available, and, prior to evaluating the need for replacement financing under the DIP Facility, the Debtors and their advisors undertook a detailed investigation as to the Debtors' plan options and their projected financing needs for the remainder of the chapter 11 cases. The Debtors' decision to enter into the DIP Facility is the culmination of a thorough analysis of the best possible financing available under all of the circumstances. Based upon the advice of the Debtors' advisors and the Debtors' own analysis, the Debtors have determined in their sound business judgment that the DIP Facility provides financing on more favorable terms than any other reasonably available and viable alternative.

30. The DIP Facility will provide the Debtors sufficient liquidity to repay the Existing DIP Facility, to fund operations, and to administer the chapter 11 cases while the Debtors pursue the Alternate Plan, a plan that provides a higher recovery for the Debtors' secured and unsecured creditors.¹¹ Conversely, without access to the DIP Facility, the Debtors will be compelled to forego the benefits that would accrue to their estates, their constituents, and their business from the Alternate Plan and instead pursue a plan of reorganization that will provide the Debtors' creditors with a lower recovery. Accordingly, the Debtors submit that entering into the DIP

¹¹ The Debtors estimate that the DIP Facility will provide up to approximately 15 months of liquidity, after repayment of the Existing DIP Facility.

Loan Documents is necessary to the preservation of estate assets, is in the best interests of the Debtors' estates and their creditors, and, as such, represents an exercise of the Debtors' sound business judgment.

II. The Court Should Authorize the Debtors to Obtain the DIP Facility on a Third Lien, Secured and Superpriority Basis.

31. Section 364 of the Bankruptcy Code enables a debtor to obtain, in certain circumstances, postpetition financing on a senior secured or superpriority basis, or both. Specifically, section 364(c) of the Bankruptcy Code provides, in pertinent part, that the Court, after notice and a hearing, may authorize a debtor that is unable to obtain unsecured credit allowable as an administrative expense under section 503(b)(1) of the Bankruptcy Code to obtain credit or incur debt:

(1) with priority over any or all administrative expenses of the kind specified in section 503(b) or 507(b) of [the Bankruptcy Code];

(2) secured by a lien on property of the estate that is not otherwise subject to a lien; or

(3) secured by a junior lien on property of the estate that is subject to a lien.

11 U.S.C. § 364(c).

32. To satisfy the requirements of section 364(c) of the Bankruptcy Code, a debtor need only demonstrate "by a good faith effort that credit was not available" to the debtor on an unsecured or administrative expense basis. Bray v. Shenandoah Fed. Sav. & Loan Ass'n (In re Snowshoe Co.), 789 F.2d 1085, 1088 (4th Cir. 1986) ("The statute imposes no duty to seek credit from every possible lender before concluding that such credit is unavailable."); Pearl-Phil GMT (Far East) Ltd. v. Caldor Corp., 266 B.R. 575, 584 (S.D.N.Y. 2001) (superpriority administrative expenses authorized where debtor could not obtain credit as an administrative expense).

Particularly when few lenders are likely to be able and willing to extend the necessary credit to a debtor, “it would be unrealistic and unnecessary to require [the debtor] to conduct such an exhaustive search for financing.” In re Sky Valley, Inc., 100 B.R. 107, 113 (Bankr. N.D. Ga. 1988), aff’d sub nom., Anchor Sav. Bank FSB v. Sky Valley, Inc., 99 B.R. 117, 120 n. 4 (N.D. Ga. 1989); see also Ames Dep’t Stores, 115 B.R. at 40 (approving financing facility and holding that the debtor made reasonable efforts to satisfy the standards of section 364(c) where it approached four lending institutions, was rejected by two, and selected the most favorable of the two offers it received).

33. The Debtors are unable to procure sufficient financing in the form of unsecured credit allowable as an administrative expense under section 503(b)(1) of the Bankruptcy Code or solely as an administrative expense under section 364(b) of the Bankruptcy Code, and the DIP Loan Documents offer the most favorable financing available to the Debtors at this time. As a result, the Court should: (a) authorize the Debtors to provide to the DIP Lender fully-perfected liens on the Debtors’ property that was not subject to a perfected, non-avoidable lien as of the Petition Date, junior only to the Senior Adequate Protection Liens but senior to all other liens, pursuant to section 364(c)(2); (b) authorize the Debtors to provide to the DIP Lender fully-perfected liens on the Debtors’ property that is subject to valid, perfected, and unavoidable liens in existence immediately prior to the Petition Date, junior to the Permitted Senior Liens and the Senior Adequate Protection Liens but senior to all other liens, pursuant to section 364(c)(3) of the Bankruptcy Code; and (c) grant the Debtors’ repayment obligations under the DIP Loan Documents superpriority administrative expense status, pursuant to section 364(c)(1) of the Bankruptcy Code.

III. The Interests of the Secured Lenders Are Adequately Protected.

34. The Debtors are only required to provide adequate protection to the holders of liens senior to the DIP Facility to the extent that such liens are “primed” by the DIP Facility. See 11 U.S.C. § 364(d)(1)(B). Here, the liens securing the DIP Facility will be junior to both the Prepetition Facility Liens and the Prepetition Noteholders’ Liens. As such, the Prepetition Lender and the Senior Noteholders are not entitled to any additional adequate protection other than that provided pursuant to the Final Cash Collateral and Adequate Protection Order.

IV. The DIP Lender Should Be Accorded the Protections of Section 364(e) of the Bankruptcy Code.

35. Section 364(e) of the Bankruptcy Code protects a good faith lender’s right to collect on loans extended to a debtor, and the lender’s rights in any lien securing those loans, even if the authority of the debtor to obtain such loans or grant such liens is later reversed or modified on appeal. Specifically, section 364(e) provides that:

The reversal or modification on appeal of an authorization under this section [364 of the Bankruptcy Code] to obtain credit or incur debt, or of a grant under this section of a priority or a lien, does not affect the validity of any debt so incurred, or any priority or lien so granted, to an entity that extended such credit in good faith, whether or not such entity knew of the pendency of the appeal, unless such authorization and the incurring of such debt, or the granting of such priority or lien, were stayed pending appeal.

11 U.S.C. § 364(e).

36. The DIP Loan Documents are the result of arm’s length and good faith negotiations between the Debtors and the DIP Lender and a result of the Debtors’ reasonable and informed determination that the DIP Facility offers the most favorable terms on which to obtain replacement postpetition financing. The terms and conditions of the DIP Facility are fair and reasonable, and the proceeds of the DIP Facility will be used only for purposes that are permissible under the Bankruptcy Code. Furthermore, no consideration is being provided to any

party to, or guarantor of, obligations arising under the DIP Facility, other than as described therein and in the Investment Agreement. Finally, amounts under the DIP Facility are being extended in express reliance upon the protections offered by section 364(e). Accordingly, the Court should find that the DIP Lender is a “good faith” lender within the meaning of section 364(e) of the Bankruptcy Code and is entitled to all of the protections afforded by that section.

V. Modification of the Automatic Stay Is Warranted.

37. The DIP Loan Documents and the Final DIP Order contemplate that the automatic stay arising under section 362 of the Bankruptcy Code shall be vacated or modified to the extent necessary to permit the DIP Lender to exercise, upon the occurrence and during the continuation of any Event of Default (as defined in the DIP Credit Agreement), all rights and remedies provided for in the DIP Credit Agreement, and to take various other actions without further order of or application to the Court. The DIP Credit Agreement and the DIP Loan Documents, however, will provide that, except as otherwise provided therein, the DIP Lender must provide the Debtors with five (5) business days’ prior written notice before exercising any enforcement rights or remedies, which will allow the Debtors to seek an expedited hearing before the Court for the purpose of determining whether, in fact, an Event of Default has occurred and is continuing.

38. Stay modification provisions of this sort are ordinary features of DIP facilities and, in the Debtors’ business judgment, are reasonable under the circumstances. See, e.g., In re DBSD N. Am., Inc., Case No. 09-13061 (REG) (Bankr. S.D.N.Y. Dec. 16, 2009); In re Reader’s Digest Ass’n, Case No. 09-23529 (RDD) (Bankr. S.D.N.Y. Oct. 6, 2009), In re Lear Corp., Case No. 09-14326 (ALG) (Bankr. S.D.N.Y. Aug. 4, 2009); In re Gen. Growth Props. Inc., Case No. 09-11977 (ALG) (Bankr. S.D.N.Y. May 14, 2009); In re Tronox Inc., Case No. 09-10156 (ALG) (Bankr. S.D.N.Y. Feb. 6, 2009); In re Chemtura Corp., Case No. 09-11233

(REG) (Bankr. S.D.N.Y. Apr. 23, 2009); In re Wellman, Inc., Case No. 08-10595 (SMB) (Bankr. S.D.N.Y. Apr. 7, 2008).

39. Accordingly, the Debtors respectfully submit that modification of the automatic stay as set forth herein is appropriate under the circumstances.
